# Because it does.

*Recently, it's become very clear that having the right leadership can make all the difference in a crisis.*

*And while the Legislature makes a lot of decisions that affect our health, there's not a single health care professional in the State Senate right now.*

## This would be a good time to have a Doctor in the Roundhouse

A lot of local voters are supporting Democrat Dr. Martin Hickey for the Senate because he's a physician and public health advocate with decades of experience helping New Mexicans stay healthy.

## The right prescription for New Mexico

Dr. Martin Hickey will sponsor legislation to recruit more primary care physicians to New Mexico.

### Dr. Martin Hickey's proven record:

- Provided critical medical services on the Navajo Nation, and set up the first VA rural clinics in the country, in New Mexico.
- A lifelong physician and public health advocate.
- Made healthcare more effective and affordable by eliminating copays on behavioral health visits and medications as well as on generic chronic disease medications.
- Knows how to fix what's broken in our health care system.

**"I have worked with Martin for years and we share the same values of equity, justice and compassion. Albuquerque and New Mexico need Martin in the Legislature to help us recover and thrive after COVID-19, and to protect us from future pandemics."**

— Nandini Pillai Kuehn, Ph.D., MHA, Healthcare Reform Advocate, and founding Board Chair, New Mexico Health Connections
